Spring fun

How many signs of spring did you find?

I found _____ signs of spring

Can you think of any others? _____

During Spring, many birds are building nests in preparation for egg laying and bringing up their chicks.

Can you build a nest fit for rearing chicks? See what materials you can find on the woodland floor, for example dried grasses, leaves, twigs, lichen or moss.

Now find somewhere to build your nest, maybe a fork in a tree?

Which bird have you built your nest for?

If you love being outdoors, looking for the first Spring flowers or splashing through puddles then why not join the Rangers during the holidays for some Spring-time fun!
