

Colour Map

As you walk around Moors Valley, see how many different natural colours you can find. Collect examples as you go, such as bark or leaves, sticking them below to remind you of your visit.

Start

Place some
double sided
sticky tape
here

Name: _____

Finish

Colour Map

How many different colours did you find?

I found _____ colours.

Can you find something natural to match each of these leaves?

When you're out exploring, why not collect things as you go, such as sticks, stones or leaves then use them to create a sculpture or picture on the ground.

What can you make? A tower out of twigs? A picture of a ladybird? Or a giant sculpture of a dragonfly? Please don't try and move anything too large!

If you love being outdoors, building dens, exploring or looking for creepy crawlies, then why not join the Rangers during the holidays for a variety of fun activities!
