

Musical Nature

Use natural objects you can find around you to make some unique musical instruments of your own

Wood xylophone

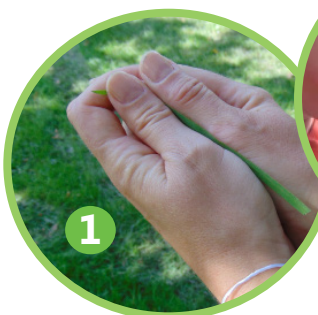

Find a selection of pieces of wood in different sizes and lay them out on the ground in order of size.

Choose another stick to use as your mallet and see if you can play a tune!

Why not get some of your friends together and make your own outdoor band?

Grass trumpets

1

Find a large blade of grass or reed and hold it tightly between your thumbs making sure there is a gap between your knuckle and thumb joint.

2

Put your mouth over the hole and blow fairly hard to make your trumpet noise!

Tin can shakers

Collect a selection of seeds or small stones and put them in an empty container and secure the lid.

Why not try lots of different types of seeds or stones and see if you can make different sounds with your shakers.
